COVID-19 Update

While the City of Boston has announced that offices will soon be permitted to re-open with limited capacity, the Rian Immigrant Center will remain closed until further notice. Our top priority is the health and safety of our staff, volunteers and community. We remain convinced that the best way to achieve this goal is through continuing social distancing measures.

Even though our building at One State Street remains closed, we remain committed to our work of supporting and empowering immigrant families. Our legal, wellness and education teams have all adapted to providing remote support. Please use the links below for more information.

We appreciate your patience and encourage you to continue to check our website and social media for further updates on our plans for resuming in-person work as they become available. Finally, we extend our deepest sympathy to all who have lost loved ones to COVID-19, and our good wishes to all who are in treatment.

Stay well and let's support each other.

Rian Immigrant Center Team
